While the Red Cross Roll Call is over the Roll Call Committees feel that the time should be extended for the Townships to make up their quota of money allotted to them.

Heretofore the Townships have not as a whole raised much of the Roll Call fund, but this year the Township chairmen have had such good organizations that they have taken in about five times as much as any time in the past six years.

The amount necessary for running the nurse's car (\$300) is chiefly spent in county work and the they have done comparatively well, yet, it may be possible to complete the needed sum later. The Junior Red Cross may be able to help the seniors in this as it is certainly a worthy service to their communities, and "Henry Durant" (the nurse's car) is a faithful servant. He gladly goes over the hills and thru the ice and snow whenever he can and whenever he is needed. Just as he did the first day the road to Lovells was open to traffic, and he carries big loads. And he went one day last spring taking four mothers and six children, besides the nurse at one time, from up in the hills and back again. Neither is he afraid of the dark for he goes to meetings at night whenever called.

FREE HUNTERS WHO SHOOT DOE

November 21st—Amendment of the state "buck law" to provide hunters who shoot doe will not be subject to the penalty provided they bring the animals into camp and notify a game warden, is favored by John Baird, director of conservation, he said this week.

Baird believes some such provision is needed to make it possible for hunters to "live up to the law." It would not make things easier for the hunter who shoots at a doe thinking it a buck. Baird pointed out, because it would be necessary to clean the animal and haul it into camp for the game warden.

The same system would be applied to other game killed by mistake during a closed season. Wardens would be instructed to turn the animals over to state or county institutions.—Lansing State Journal.

Last fall when Russell Peterson and a number of comrades were attending the Gaylord fair and having a good time, Dan Hoelsi, our congenial "O. man", noticed them, upon his return to Grayling happened to meet Russell's mother, Mrs. John Benson and just for a joke told her that Russell was in the Gaylord coop. Naturally the mother was quite worried and anxious until Dan let the cat out of the bag and admitted that he was only joking. Mrs. B. is a good scout and took the joke alright, but recently when her son Russell, Carlyle Brown and Dan's son Emerson had been out hunting and coming home early in the evening had supper at her home and while the boys were pleasantly spending the evening together at that place, Mrs. Benson called up Dan and asked him if he had heard about the boys getting into trouble. Of course he had not and was told that they were in jail, charged with hunting without a license. Dan said he didn't even know his boy had gone hunting, and "hot-footed" it for the jail where he accosted the sheriff and wanted to know why he arrested the boy. Jess didn't know anything about any boys being arrested, and told Dan so. The latter then rushed back to the telephone for more information and reported to Mrs. Benson what he had heard. The anxious father was almost breathless with excitement, until he was informed by his tormenter that she was just getting even with him for the joke he pulled on her last summer. Well, they both had a good laugh and called it square. "Who laughs last, laughs best", you know, Dan.

Prosperity surely does follow the dairy cow. For those Crawford county farmers who wish to feel the comfort, satisfaction and freedom from worry that comes from an assured income, the best suggestion that we can give is:

TAKE GOOD CARE OF YOUR COW THIS WINTER; CONTINUE THIS GOOD CARE NEXT SUMMER.

This good care means that the stable be warmer than many have them. More windows should be put in. Stables should be kept cleaner. Cows should be fed heavier. Water should be warmed with a tank heater. Some grain should be fed all winter.

Need More Cows

Most of our farmers should keep more cows.

It is asking quite a lot of a cow to ask two or three to support a family. Eight to twelve cows should be the standard for each farm—eight to twelve well-fed, well-stabled.

Tested Their Milk

The County Agent has tested the milk of 85 cows with the Babcock Milk tester. A card was sent to every farmer in the county offering to make a free test of the richness of milk (butter fat content) for each and every farmer who asked for it.

Some did not fill out and send in the card. They do not seem to want to know which are the poor cows. The Babcock test for butter fat and the milk chart, that the County Agent gives wherever he tests, will surely

find out the poor cow that does not pay her way.

The State and The United States dairy authorities agree that one cow in three is kept at a loss. Probably you think it isn't you but the other fellow, who has the poor ones.

Two Weeks for Fall Plowing

We had two weeks in November suitable for fall plowing. How many turned a furrow? We heard of one farm on which the enterprising owner got eight acres plowed; another 24; another 25. That's the way to put the spring work forward, and to be able to keep a big bunch of stock.

Big Improvement On Pleasant Valley Farm

It would do an ambitious man's heart good to see the improvements on Pleasant Valley farm, the home of Mrs. John Love, her daughter, Mrs. Minnie Visnaw, and William Love, the son, who, with Mrs. Visnaw, is now carrying on the farm. Main barn reshingled; cow barn, in rear, rebuilt thruout, and provided with new cement floor with gutters; good, practical mangers; new swing stanchions; litter carrier hung on overhead track, and milking machine. Cows did it all. Paid for it all. Other improvements will follow another season. They use a large silo and feed lots of purchased grain ration.

Who else will give us something to report of progress among our farmers?

PROSPERITY FOLLOWS THE DAIRY COW.

WOMANS CLUB NOTES.

Mrs. Emil Giegling was hostess to the Womens Club Monday evening. The meeting was called to order by the president, Mrs. Gothro. The following program was very much enjoyed.

Lovells News

Mr. and Mrs. West and children of Chicago spent Thanksgiving with Mr. and Mrs. Shoff.

Edgar Caid had a most thrilling experience last week. A hunter had shot a bear thru the shoulder. The bear became maddened and started "or Ed" on his hind feet. He shot seven times and the bear dropped. It weighed 290 pounds and measured five feet two inches in length.

Mrs. James Duby entertained the Lovells folks Saturday night with a party. A fine time was had. Mr. and Mrs. Caid winning first prizes and Charles Papenfus and Cora Nephew winning the consolation prizes.

Glen Gregg of Cadillac spent Thanksgiving with Cora Nephew.

Mr. and Mrs. J. Kennedy and Emmet Pierce of Lewiston and Mrs. E. McCormick of Detroit were in Lovells Saturday night and attended the card party.

Clayton Kellogg was here to spend Thanksgiving with his parents, Mr. and Mrs. E. Kellogg.

Mr. and Mrs. Howard Huffman have gone to Pontiac to reside.

Mr. and Mrs. Stillwagon spent Sunday in West Branch.

Loretta Kneffler spent Thanksgiving at her home in West Branch.

READY TO COLLECT TAXES.

The tax roll is now in my hands and I will be ready to collect taxes beginning December 7th. My office will be in the office of the county treasurer, and open from 8 to 12 a. m. and 1 to 5 p. m. and Tuesday, Thursday and Saturday evenings from 8 to 9 p. m.

TO USE MILLIONS IN CORN CRISIS RELIEF

Financing Is Outlined by Bankers and Business Men at Washington.

Washington.—Plans for financing the middle western corn crop on a big scale, including the orderly marketing of that crop and relief for farmers, bankers and business men who are adversely affected by the heavy drop in corn prices were considered at a conference of bankers and business men from Chicago and Iowa. The conference was called by Secretary Jardine. As a result of the conference there will in all probability be formed a national agricultural credits association such as is contemplated under the intermediate credits act. More than one of these associations, in fact, may be formed.

Such associations would be able under the law to make loans directly to farmers on the security of their crops and to obtain rediscount on the notes from the intermediate credits bank.

The present complaint of the farmers is that the price of corn has slumped so heavily that they are unable to get credit from the commercial banks to enable them to hold their crops until they can get better prices. The heavy slump in corn prices has seriously affected the banking and business situation of some sections of the corn belt.

In Iowa, where corn has been selling at about 50 cents, the farmer has felt the situation severely. If the present plan works out as expected millions of dollars will be made available for quick loans to corn-belt farmers.

Mrs. Rhinelander Poses

Before Jury to Show Color

New York.—The two mysterious letters from Leonard Kip Rhinelander to his negro wife, written before their marriage, were read after an impassioned conflict between attorneys on the two sides. They proved to be every bit as shocking as was expected. They were such that Supreme Court Justice Morschauser ordered all women excluded from the court during the reading.

When both letters had been read and he was asked why he wrote them, he said that "Alice asked me to."

Mrs. Rhinelander was told to go into the jury room, where before the jury and a lawyer from each side she bared the upper part of her body. She was crying as she was led to the room, and crying as she left it, but her ordeal seemed to convince some of those who were present that she was dark hued. It was one of the most extraordinary moments of this extraordinary case.

Expert Says High Winds Caused Shenandoah Wreck

Washington.—Terrific winds, rather than pressure or structural weakness caused the destruction of the ship Shenandoah.

This was the testimony of Charles P. Burgess, expert on airship construction, before the naval court of inquiry which is investigating the airship's destruction. Mr. Burgess stated that after careful calculations and a thorough study of the wreckage he was confident that gas pressure had nothing whatever to do with the ship breaking up.

Waterway to the Gulf in Next Five Years Urged

St. Louis.—A waterway opened from Chicago to the Gulf of Mexico within five years was the demand of the Mississippi Valley association as it convened its seventh annual convention.

The association called on congress to spend \$240,000,000 to open the deep waterway which would connect Chicago, St. Paul, Pittsburgh, Nashville, Minneapolis and Kansas City with New Orleans and the sea and called on all forces in the Mississippi valley to combine to bring about the deep waterway.

U. S. Men Destroy Wine Valued at Over \$80,000

Bath, N. Y.—Federal and county authorities raided the White Top champagne cellars at Gibson's Landing, ten miles north of Hammondsport, destroyed 18,000 gallons of champagne, brandy and rare wines, valued at more than \$80,000, and four 25-gallon stills. Charles Wheeler, owner, was arraigned here later charged with operating the cellars without a license.

3 Acquitted of Murder of Woman at Fox Lake

Waukegan, Ill.—Mrs. Clara Harcq was acquitted on the charge of killing her mother, Mrs. Lillie Holt. Likewise Mrs. Harcq's husband, Albert, and her stepfather, Arthur Holt, were acquitted.

Oyster Yield Breaks Record

Biloxi, Miss.—The Mississippi Gulf coast will pick 10,000,000 cans of oysters this year, the largest yield in history, according to the Biloxi Chamber of Commerce. The shrimp pack is placed at 6,000,000 cans.

NEARLY INSANE AT TIMES

Mrs. Saunders Tells how Lydia E. Pinkham's Vegetable Compound Relieved Troubles of Life

Knoxville, Tenn.—"I took Lydia E. Pinkham's Vegetable Compound while going through the Change of Life. I was very nervous, could not sleep and had melancholy spells. In fact, I was nearly insane at times and my memory was almost a blank. I was so weak I could not do my housework half of the time and suffered dreadfully with my back. My doctor said I would have to worry it out and I went through this for three years before I began taking the Vegetable Compound which I saw advertised. I think it was eight bottles that I took. It has been two years since I took any and I haven't had a doctor since for that trouble. I do all my washing and ironing and I have gained from 116 to 138 pounds. I feel so well I think I do not need any medicine now, but I advise all women who suffer physically and mentally as I did to give the Vegetable Compound a fair trial. I hope it will do as much for them as it did for me."—MRS. T. T. SAUNDERS, 711 E. Depot Street, Knoxville, Tenn.

Is Your Work Hard?
Is your work wearing you out? Are you tortured with throbbing backache—feet tired, weak and worn out? Then look to your kidneys! Many occupations tend to weaken the kidneys. Constant backache, dizziness, headache and rheumatic pains result. One suffers from kidney irregularities; feels nervous, irritable and worn out. Don't wait! Use **Doan's Pills**—a stimulant diuretic to the kidneys. Workers everywhere recommend Doan's. They should help you, too. Ask your neighbor!

A Michigan Case
529 Jay St., Jackson, Mich., says: "My back ached and pained and when I stooped to pick up things sharp pains took me across the kidneys. Spelling and dizziness occurred frequently and I felt tired out. My kidneys were out of it, also. After using a box of Doan's Pills all my troubles of kidney trouble left me and I felt like a different person."

WHY SHOULD ANYONE SUFFER WITH INDIGESTION OR ANY STOMACH MISERY?
If you want to fix up your dyspeptic, out of order stomach so that you can relish what you eat with not the least bit of after distress, do what tens of thousands of people have already done. Getting rid of gas, bloating, belching, heaviness and that feeling of near suffocation isn't such a hard matter as you may think. You've been getting hold of the wrong medicine. But better late than never—ask your druggist for a bottle of **Dore's Mentha Pepsin**—a real stomach medicine and a very pleasant one. For acute indigestion one or two doses is enough, but when the trouble is chronic, two or three bottles may be needed to put your disordered stomach in good healthy condition and make life worth living. Making a start is the main thing, why not get one bottle today with the distinct understanding that if it doesn't help you the purchase price will be returned.

NEWS REVIEW OF CURRENT EVENTS

Mississippi Valley States Demand Completion of Waterway Projects.

By EDWARD W. PICKARD
PRESIDENT COOLIDGE, in his address before the New York state chamber of commerce, put development of the country's waterways in the forefront of his program. And last week the Mississippi Valley association, in session in St. Louis, elaborated on this with the utmost enthusiasm. The delegates, who comprised the leading men of the Middle West, served notice on congress that they have ceased to beg from it for the carrying out of such great projects as the Chicago-to-the-Gulf waterway. Now they are demanding, and demanding loudly, conclusive action on the funds necessary to carry out the inland waterway plans, a fixed policy for their completion within five years, and a national plan by which such a policy could not be thwarted by any bureau or department. The association put itself on record to that effect, and in discussion of the last clause some of the delegates took occasion to say some very severe things about the director of the budget, President James E. Smith in his annual address said some of these things, and so did Senator James Reed and Roy Miller, vice president of the Intra Coastal Canal Association of Louisiana and Texas.

The congressmen from the 26 states represented in the convention were asked to urge the President to put waterways completion in his annual message. The association also decided to put on a campaign for the purpose of showing to the public the practical benefits of waterways and to urge cooperation with the railroads. Division of rates is desired, but not railroad ownership of the water lines. Chicago's right to divert water from Lake Michigan came to the front and was warmly defended by Congressman Newton of St. Louis, though he based it on the needs of navigation rather than of sanitation. He declared a permanent flow of 10,000 cubic feet a minute through the Chicago river and the drainage canal was virtually needed to raise the levels of the Mississippi, and he told the delegates the 26 states must get behind Chicago in this battle for their own salvation. He asserted that there is no longer a lake level problem involved, for the lowering of that level is now complete.

Later in his lively address Mr. Newton said: "The bulk of protest in this country comes from representatives of cities located upon the Great Lakes, who insist that the depths of their harbors are being impaired and the most ferocious protest comes from Milwaukee. It is interesting to note that when diversion began at Chicago the harbor at Milwaukee was approximately five feet deep, while today it is more than twenty-one feet. This increase in depth was made at the expense of the whole country from funds appropriated by congress."

"I find that many who are most strenuously opposed to the diversion at Chicago have no qualms of conscience about advocating far more extensive diversion from Niagara Falls for the manufacture of electricity to be used by Canadian and American power interests."

"The impression is made that Chicago is violating sacred treaty obligations between the United States and Canada. The truth is we have perfect understanding with Canada, regarding diversion, and I am fully persuaded that no protest would ever have been raised had it not been for the big power interests who want to use this water at Niagara and down the St. Lawrence."

President Smith was re-elected by the association, and Thomas F. Cunningham of New Orleans was made vice president at large.

COL. WILLIAM MITCHELL took the stand in his own defense in his court-martial trial and reiterated

Pacific Mail Line Ends Its Existence
San Francisco.—On a November day 77 years ago, a great side-wheel steamer, its decks teeming with hungry, unkempt, but riotously joyous gold seekers, many of them haggard from tropical fever, came through the Golden gate and anchored in the stream, the first steam vessel to enter the roadstead.

On a fall day in 1925, a trim freight craft loaded to the Pilsbush mark with

his accusations against the air services, elaborating on the statements he has made frequently in articles and speeches. In the expansion of his charge that the War department's administration of the national defense was "almost treasonable," Colonel Mitchell said: "There are two definitions of treason—the one in the Constitution, which defines it as levying war against the country and giving aid and comfort to its enemies, and the other definition of it as the giving up or betrayal of a trust or confidence. I believe the department's system is almost treasonable, because it does not give its proper place to air power in the defense of this country. It's a question of the system, not of individuals."

He repeated his charges that high ranking officers of the army and navy have given false or misleading information to investigating committees, and insisted that the D. H. planes still in use are "flaming coffins." Major Gullion, assistant judge advocate, cross-examined the colonel and there were frequent hot exchanges between him and the witness and also with the latter's counsel, Congressman Reid.

Next day Mitchell was led to admit that many of his sensational charges were based on hearsay and general belief. Major Gullion undertook to show that page after page in the colonel's book, "Winged Defense," was cribbed from other writers, but the court refused to go into charges of plagiarism. Representative Perkins of New Jersey, who examined the witnesses before the Lampert aircraft investigating committee last spring, said that three navy lieutenants who were before him for preliminary examination told that if called they would not tell what they knew because "it's a long way to Guam." Then the defense came to the subject of "propaganda." It submitted a copy of an official letter, dated March 21, 1925, concerning the navy education film, "The Eyes of the Fleet," on which was this indorsement:

"The object of this film is to combat the effect of General Mitchell's testimony (meaning his testimony before the Lampert committee) and to belittle the value of the airplane in war. It is to be spread by the navy recruiting service—probably this summer and fall, before congress meets." One of the marginal notes was: "Battleship bombing: Prints made of pictures showing missiles only are to be used for this."

James T. Mitchell, Jr., editor of the Boston American, testified that accounts of the Mitchell trial, prepared by the War department and containing editorial comment unfavorable to Mitchell were "available to the press."

FRANCE is undergoing another of her frequent ministerial crises and at this writing the outcome is in doubt. Premier Painleve put his financial program before the chamber of deputies and at a critical moment enough of the Communists deserted him to cause his defeat by a margin of three votes on a single item—a plan for consolidation of treasury bonds amounting to a moratorium. The premier and his ministers promptly resigned, and President Doumergues was advised to ask Aristide Briand, seven times premier, to take the office for the eighth time. He consented provisionally, but soon found he could not be assured of a majority in the chamber and so abandoned the attempt to form a ministry.

Paul Doumer and former Premier Herriot in turn tried, and gave up, and at this writing Briand is again making the endeavor. The extremists, of both the right and the left, are talking openly of a dictatorship.

When later he exclaimed: "We have confidence in France. We are not dealing with the France of Poincare, the chamber and galleries cheered for France!"

Herr Wels, leader of the Socialists, declared Germany had only two roads before it—European peace based on the Locarno treaties, or an alliance with Russia, which must lead to war. He solemnly warned Russia to amend about a dog. She is being treated at the Bitterworth hospital. According to the police, Keen disposed of the dog Thursday afternoon. During the evening his wife sent him on an errand to a nearby store. She swallowed the poison during his absence, he said.

The Russophiles in America and elsewhere who have condemned the Locarno treaties because soviet Russia was not included and taken into the League of Nations can cease their wails, for one of the highest officials of the Moscow government has just declared Russia has no intention or desire to join the league, and stands aloof so far as the pacts are concerned.

SETTLEMENT OF THE TACNA-ARICA dispute by the commission headed by General Pershing is not proceeding well. Senator Edwards, Chile's representative on the plebiscite commission, withdrew from its negotiations; the Chileans are angry because the commission called for control of the residents in the plebiscitary area; and former President Alessandri of Chile in a speech accused the Americans of stirring up "conflict, discord and hatred" between Chile and Peru instead of trying to solve the dispute. The United States cruiser Denver has been sent from Balboa to Arica.

COMMISSIONER OF INTERNAL REVENUE BLAIR last week revoked all exemptions under which householders have been permitted to make not to exceed 200 gallons of homemade wine without payment of tax. General Andrews, the Treasury department's prohibition treasurer, found there were hundreds of thousands of these permits outstanding and that much of the wine made under them found its way into bootleg channels.

Results of enforcement of the Volstead act since its passage five and one-half years ago—154,772 convictions in which fines aggregating \$29,038,659 and jail sentences totaling nearly 12,000 years were imposed—are summed up in a Department of Justice report to Attorney General Sargent.

At the end of the same period, June 30, 1925, there were 24,684 cases pending in federal courts throughout the country. 30,213 cases had been dismissed and 7,414 violators had been acquitted. An increase of 4,865 in the last fiscal year over the record of the previous year is shown. The average jail sentence has increased from 21 days in 1920 and 34 days in 1924 to 49 days in 1925, an increase of 25 per cent in the last year. The average fine for 1925 was \$200.

GOVERNOR MIRIAM FERGUSON of Texas is having a hard row to hoe these days and the threat of impeachment is growing more menacing. Enough members of the legislature to demand an extra session have made that demand, and they announced that unless the governor issued the call the speaker would be petitioned to do so. The worst of "Mia's" troubles are concerned with the highway contracts. Recently the American Road company confessed \$800,000 in payment for confessed profits on 1,000 miles of road surfacing contracts and there are suits against another road construction company. The governor demanded and obtained the resignation of Chairman F. V. Lanham of the state highway commission and of Joe Burkett, a member; but the leaders of the fight against her administration declared this action would not deter them in their plans.

ALL Great Britain was in mourning last week because of the death of Dowager Queen Alexandra, for she was deeply loved by the people. The body lay in state for some days in the little church of Sandringham and then was borne on the gun carriage used for Queen Victoria to Westminster Abbey where the funeral service was conducted by the archbishop of Canterbury.

territory opened up by the treaty of peace between Mexico and the United States of April 13, 1848, and vast unexplored Oregon lands made available by the Anglo-American treaty of the same period.

In 1848 the company by a master stroke broke the English and French monopoly of eastern Asiatic trade by starting a line between San Francisco and Hongkong by way of the Hawaiian Islands and Japan. By 1887 the company had a fleet of twenty-five big steamers.

Michigan Happenings

Albert M. Smith, Jr., of Kalamazoo, was successful in the civil service examination held in the third congressional district for appointment of United States military academy at West Point, and Ronald D. Salmon, of Pittsford, for appointment to the United States naval academy at Annapolis, according to announcement made by United States Representative Joseph L. Hooper. The alternates to West Point are Mills H. Samspey, of Oshtemo, and William G. Ford, Jr., of Kalamazoo, second. The alternates to Annapolis are Adrienne Kieselberg, Kalamazoo, first, and Edward P. VanPelt, Kalamazoo, second. The successful candidates will enter their respective academies in June, 1926.

Taxpayers of Ionia will have the opportunity to swell the coffers with winter tax money about December 10. Mrs. Bessie M. Galloway, county treasurer, has added the amounts of taxes to be collected and notified the township treasurer of the collections to be made. The total taxes to be collected this year for all funds is \$318,078.20 or 102,357.44 below 1924-25. The total for all sources last year was \$418,435.64 and in 1922-23, was \$446,070.07.

Little hope is held for the recovery of Mrs. Edna Keen of Grand Rapids, 23 years old, wife of Cecil Keen, who is said to have taken poison following an argument with her husband about a dog. She is being treated at the Bitterworth hospital. According to the police, Keen disposed of the dog Thursday afternoon. During the evening his wife sent him on an errand to a nearby store. She swallowed the poison during his absence, he said.

It is expected that the viaduct over the Pere Marquette tracks north of Monroe, used in connection with road M-10, better known as the new Dixie highway, will be finished by the end of the week, the bridge across the River Raisin and race adjoining being near completion. Traffic between Toledo, Monroe, Dearborn and Detroit probably will be opened at the end of next week.

James M. Travis, 82 years old, one of the few survivors possessing personal and intimate memories of Abraham Lincoln, died at Reeds Lake Sanatorium recently, after a residence of Grand Rapids of 55 years. As a boy, Travis frequently saw Lincoln as a guest in the home of his father, John W. Travis, in Paris, Ill., and delighted in telling anecdotes of the great man.

Mr. and Mrs. Chap S. Cottrell, Tuscola township, celebrated their golden wedding recently at the home of their oldest daughter, Mrs. Norman Blaylock, of Tuscola township. They were married on Cottrell's birthday and he was 76 years old. Mr. and Mrs. Cottrell have lived on the same farm 42 years.

County School Commissioner Deland Davis, who is also county agent for corrections and charities, will give a talk on "Juvenile Delinquency," before the Albion Boosters and Knockers. Harry D. Morse will be the chairman. The program has been arranged by Superintendent of Schools Don Harrington.

A reward of \$1,500 is being offered at Cassopolis for the capture and conviction of the five armed bandits who escaped last week, after unsuccessfully trying to crack the safe in the First National bank there. Of that amount \$1,000 is being offered by the bank and the remainder by Sheriff Sill, of Cass county.

A proposal to bond \$21,000 for installation of a new water works system at Rockford lost by two-thirds of a vote. There were 445 votes cast out of a possible 650 or 700 the proposal polled 298 of the 445 but needed 298 2-3 to make the necessary two-thirds vote to carry it.

Miss Betty Quinlan, 16 years old, daughter of Senator James M. Quinlan, of Grand Rapids, was injured severely and two other young persons were hurt when an automobile in which they were riding slid from the road near Ada and rolled over. Miss Quinlan was taken to Blodgett Memorial hospital and recovered consciousness two hours later. Charles McDermott, 17 years old, junior college football player, driver of the car, suffered a fracture of the leg and Miss Dorothy Brechtling, 18 years old, daughter of Fred Brechtling, suffered from the shock. Thomas Boylan, 16 years old, another occupant of the car, was uninjured.

J. M. Bigelow, 69 years old, well known farmer residing near Bangor, was brought to a hospital at Kalamazoo suffering from a fractured skull, broken nose and jaw, as a result of being kicked by a horse. It is feared his injuries will prove fatal.

Charles L. Stecher, 48 years old, of Port Huron, a veteran Grand Trunk car inspector, died in an I. O. O. F. lodge meeting last week. Heart trouble brought on by climbing two flights of stairs was responsible.

Andrew Lapinski, 77 years old, dropped dead while attending mass at St. Stanislaus church at Bay City Thanksgiving day. Coroner H. M. Simon said that heart disease was the cause of the death. Lapinski leaves his widow and four sons.

Elmer Hayes is held in the county jail at Allegan in default of \$500 bail to appear for examination on a charge of wife desertion. He was arrested at the home of his father, near Bellaire, by Sheriff Ben Lugten.

Increasing the hospital facilities at the University of Michigan, the Old University hospital which before the erection of the new \$3,000,000 structure which was dedicated last week, housed all the patients, will be reopened on the first of the New Year, according to Dr. Harley A. Haynes, director of the hospital. The re-opening of the old structure, which for the past several months has been under repair, will add approximately 300 beds. Overcrowded conditions in the new hospital have made this further step necessary, according to Dr. Haynes.

Mrs. Gardner Wight, 71 years old, well known resident of Lake Odessa, was killed instantly last week during a blinding snowstorm when she was struck by a west bound Pere Marquette passenger train at a downtown crossing. She was hurled some distance, her arm being broken and her skull fractured. The body was not discovered until some minutes later by a passerby, R. W. Whittemore. Coroner Matthew Bradley is investigating the mishap. Mrs. Wight's husband is a fur buyer of western Michigan.

Details of plans suggested to induce new factories to locate at Lansing were discussed at a joint meeting of the directors of the Chamber of Commerce and the Lansing Real Estate board. The real estate board had been active for some weeks in an endeavor to obtain new factories for the city so that Lansing's industries may be diversified. The chamber of commerce also has investigated a number of factory propositions, but so far no new plants have been obtained by either organization.

The mystery of the disappearance of Eleanor Anderson, of Gwin, Mich., and Lina Mollanen of White Pine, Mich., was solved when the girls reported that they had been involuntary passengers on an Ann Arbor ferry over the week-end. The girls boarded the car ferry at Menominee to sell magazine subscriptions and failed to go ashore before the boat left. They made the trip across the lake to Frankfort and back while Menominee police searched for them.

The two-masted schooner, Our Son, Capt. F. Nelson commanding, has arrived at Muskegon after a battle with a storm on Lake Michigan, while two other ships bringing pulp wood for the Central Paper Co., of Muskegon, are still battling their way down the lake. The two ships still out are the Mueller and Zillah, both steamers. They are enroute from Duluth. The arrival of the ships will close navigation between the northern points and Muskegon.

Sale of the Y. M. C. A. property at 210 South Capitol avenue, Lansing, to the First Presbyterian church is being considered by the association as the result of an offer submitted by a church committee recently. The church offers \$60,000 for the property. The church made the offer after a meeting of its congregation. The building would be used to house the Sunday school, Boy Scouts and other organizations.

Patrick Kain, 74 years old, chief of police of Saginaw for many years prior to his retirement in 1919 and one of the veteran officers of the county, is dead after an illness of more than a year. Chief Kain started his career in the lumber days when the patrol wagon was a wheelbarrow and lumberjacks were hauled through the street in that manner.

Responding to a sweeping arraignment of Central high school pupils last week by Mrs. Fred M. Raymond, president of the State Parent-Teachers' Association, the Rev. Dr. R. R. Huber, pastor of Trinity English Lutheran church, of Grand Rapids, said: "I am not at all in sympathy with the many indictments of our young people." Mr. Huber read a statement by Claude F. Switzer, principal of Central, in which he supported that school's claim to good scholarship standards which were assailed by Mrs. Raymond, who said, "to do well in your studies at Central is not the thing."

Responding to wide-spread protest against continuance of Eastern standard time in Grand Rapids throughout the winter months, the city commission this week will probably reconsider its former action and vote on a resolution which would return the municipality to Central standard time next Saturday night at midnight.

Montcalm county out-distanced every other county in the state in potato production by at least 400 per cent, according to a federal report received. During the 1924-25 season, 1,250 cars of potatoes were shipped from Greenville, and 4,764 were shipped from Montcalm county.

John Doney, 53 years old of Owosso, the oldest member of Quackenbush post, G. A. R., both in point of years and of membership, died last week after an illness of six days. He joined Quackenbush post in 1884. He served four years in the Civil war.

Henry Opal, founder and president of the Hubbell National Bank, and pioneer resident and business man of the district, died at his home last week, following an illness extending over more than a year and a half.

Thanksgiving will be a day of rest and recreation for the inmates of the Michigan reformatory at Ionia, who number more than 1,600. A special dinner will be provided and a movie program will be given in the auditorium during the day. Rev. J. H. Green, pastor of the Ionia Presbyterian church, will deliver the Thanksgiving sermon.

While driving his gasoline truck between St. Ignace and Moran, George Quay struck and killed a 300-pound buck deer.

"Now I Am Well and the Mother of Two Children"

Just Another Story About the Goodness of PE-RU-NA

Mrs. Anna Linder, R. F. D. No. 1, Box 45, Dassel, Meeker County, Minn., writes: "For two years I suffered with that terrible disease, chronic catarrh. Fortunately I saw your advertisement and took Pe-ru-na. Now I am well and the mother of two children. I owe it all to Pe-ru-na. I would not be without that great remedy for twice its cost, for I am well and strong now. I cannot speak in too high terms of its value as a medicine."

For more than half a century Dr. Hartman's Pe-ru-na has been performing just such wonderwork, as this.

Pe-ru-na is sold everywhere in both tablet and liquid form. Insist upon having genuine Pe-ru-na.

If responsibility doesn't weigh anything it isn't responsibility.

BEST SOURCE OF WEALTH IS ECONOMY

It was Cicero who is credited with saying that: "In a family, as in the State, the best source of wealth is economy." Of course, in Cicero's time they had taxes just as proportionately heavy as we are having now, but they were imposed in autocratic fashion and collected with spear points if necessary. It is a question whether Cicero had in mind governmental economy as much as private economy, although he points out that economy in the State is a source of wealth. If it were not for the present administration this country would not be now discussing in good business the possibility of reduced taxes. The persistent slogan of private economy, public economy and reduced taxes, if carried into effect, should make the future of this country a very rosy one.

GOODFELLOWSHIP CLUB NOTES

The club met with Mrs. R. H. Gillett Monday evening, with the president Mrs. Emil Kraus presiding.

Roll call.

Minutes.

Under business, the club voted to give \$5.00 for the Near East Relief Fund. Also to sponsor a community tree which will be placed in the center of the four corners of Michigan and Peninsular avenues. The president appointed Mrs. M. Hanson general chairman of tree arrangements, and Mrs. C. G. Clippert chairman of music.

The club was most interested in a paper read by Mr. Marius Hanson on The Northeastern Development Bureau. Mr. Hanson interspersed the reading by explanations and illustration on the subject which made his talk most entertaining and interesting.

The hostess served lunch. The next meeting will be held with Mrs. Clippert next Tuesday evening when each member will be privileged to bring a guest.

FRANCE IS READY TO BALK FASCISTI RULE

Troops Prepared to March Into Paris to Prevent Coup d'Etat.

Paris.—While the government is holding troops in readiness near the capital to march into the city and stop any attempt at a coup d'etat, Paris newspapers are warning agitators and the people to remain calm and to remember that a revolutionary attempt such as that of the Fascisti and Mussolini in Italy cannot succeed.

Meanwhile Aristide Briand was attempting to form a ministry after that job had been given up by Senator Doumer and former Premier Herriot. M. Briand accepted the commission from President Doumergue reluctantly. He was asked to organize a government immediately after Poincaré's fall, but after consideration reported he was unable to do so.

Extremist publications in Paris, both the far right and the far left, talk frankly of the possibility of an attempt at a fascist coup in France. More moderate newspapers warn against such an effort in more veiled terms.

The people are apathetic over the government crisis. They observe only that prices are slowly rising, a tendency which has been continuous since the war, and they are told by the newspapers that the franc is falling, but they observe little personal effect from the fall.

Girl and Two Men Admit Bombing Stores in Chicago

Chicago.—Origin of all of Chicago's recent bomb outrages was revealed, according to State's Attorney Crowe, when Fred N. Wanquist and his sweetheart broke down under a long grilling and confessed that they perpetrated five of the bombings.

Information was obtained to disclose a "bomb trust" that made a business of explosions at \$200 each.

Wanquist and the woman, Mrs. Lena Rice, twenty-three, divorcee and mother of three, were caught by police after they had exploded a bomb at 3639 Fullerton avenue. Wanquist and another man, Jose Avanzio, were slightly wounded.

Mrs. Rice first gave her name as Lea McClellan, then as Lea McLullan, then as Lee McCullem. She is a daughter of H. C. Schrock, a prominent citizen of Richmond, Ohio. Her deserted husband is Archie L. Rice of Benton Harbor, Mich.

Maj. Gen. Patrick Declares His Plans Were Ignored

Washington.—In his annual report Maj. Gen. Mason M. Patrick, chief of the army air service declared that not one of his recommendations last year had so far resulted in tangible action.

The service should be increased to that recommended by the Lassiter committee, he said, and action should be taken to give the service the same status that the marine corps has in the navy. This recommendation has been opposed by the War department and the general staff.

Funds are needed, the report declared, to provide safe flying equipment for existing units and a separate budget is asked to take care of the needs of the air service.

Chang Forced to Flee; Betrayed by Subordinate

Tientsin.—Chang Tso Lin, war lord of Manchuria, has fallen at Mukden. His military commander, Kuo Song Lin, has declared against him and controls the situation. Marshal Chang has been arrested and his chief of staff, Yang Yu Tin, has fled toward Dairen. Telegraphic communications with Mukden have been cut and Fengtien troops at Changli have pulled up rails on the line and refuse to permit traffic either way.

39,000 See "Red" Grange Play First Game With Bears

Chicago.—Harold ("Red") Grange, the Galloping Ghost of Illinois, did his stuff for the Bears at Cubs' park here. "Red," the unstoppable, played a great game offensively, but all his individual brilliance was not great enough to put over a score for his team and the Bears and the Cardinals battled to a 0 to 0 tie. It was a brilliant, fiercely contested battle and 39,000 fans saw a great football game.

The Federal Bond & Mortgage company, through F. J. Mahler, treasurer, has just issued a bulletin stating among other things, that their business for the months of August, September and October just past have been three of the largest in their industry. "The reason for this," they state, "is due to the fact, that investors are more and more turning to the conservative investments—securities in which the stability has been thoroughly established by both time and experience. Today more than ever before people are placing their faith in first mortgage real estate bonds offered by the leading and well established houses. Investors know that their funds are not only safe in this type of securities but that they carry a higher yield than any other security of like character. The American investor today realizes that accumulating funds is not a matter of luck, but a matter of systematic investing in the sound and substantial types of securities. For this reason the first mortgage real estate bonds carrying the recommendation of reliable houses are the accepted and most popular form of security among investors every where today."

James Sudman, age 36 years of Deer Lake, passed away at Grayling Mercy hospital Sunday night from injuries received on Nov. 20th, when a car in which he was riding with four friends, crashed into a Michigan Central locomotive at Vanderbilt. The south-bound midnight train had made its usual stop at that village and had just been signalled to proceed when the auto came down the street and crashed into the locomotive, completely demolishing the car and badly damaging the locomotive. All but one of the occupants of the auto were severely injured. Mr. Sudman's wife and mother were with him at the time of his death. The remains were taken to Boyne City Monday for burial.

It has been several years since the town has had a community Christmas tree. This year however through the efforts of the Goodfellowship club, a beautiful symbol of Christmas cheer in the shape of a huge tree, which will be placed in the center of Michigan and Peninsular avenues will pour out the light of "Peace on earth and good will toward men" to hundreds of Grayling citizens on Christmas eve. Mrs. Marius Hanson will have charge of the arrangements of the tree, while Mrs. C. G. Clippert will have charge of the music. It is the wish of the club that each and every person will cooperate with them in making the project a success so that the entire community may gather as one family around the fir tree and sing the old time carols and hymns, which are so full of the real Christmas spirit.

LOCAL NEWS

Miss Fernie Armstrong entertained Miss Marjorie Woods of Bay City Sunday.

Clarence Barber and Vern Brewer of Fife Lake were Grayling callers yesterday.

Mrs. George Welch of Pontiac is here visiting her daughter Mrs. A. L. Coutts.

Miss Eleanor Schumann of Boyne City spent the week end here with her parents.

Edwin S. Chalker, who is employed in Detroit visited over Thanksgiving with his family here.

Mrs. Minnie Penn, who was in Grayling for a few days visiting friends left Wednesday night for Auburn.

There will be a meeting of the Ladies Aid of Michelson Memorial church Friday afternoon at 2:00 o'clock, at the church.

The dancing party given by Grayling American Legion Post No. 106 at the high school gymnasium on Thanksgiving night proved to be a very enjoyable affair. There was a good sized crowd present and dancing to the music of Schram's Ramblers made the evening pass most pleasantly and it was a fitting closing to the holiday—Thanksgiving. The Legion had for some time wanted to do something for their esteemed comrade and friend—"Bill Hemmingson, who was injured in an auto accident on Decoration day while the boys were returning from Frederic after holding services and so the dancing party was planned. \$277.00 was the sum derived from the effort, which the boys duly presented to "Bill" who is still a patient at the hospital and who is most grateful for the gift. Also a beautiful hand embroidered buffet set was sold that evening which brought in \$10.00, Ben Landsberg being the lucky ticket holder.

Mr. and Mrs. Herbert E. Parker received the sad word Sunday of the death of their oldest daughter Mrs. Anna Poland, wife of Earl Poland of Lansing, who passed away at a hospital in that city of peritonitis that morning. Mrs. Poland and her family had planned to come to Grayling for Thanksgiving, but instead sent her parents word that she was unable to come on account of illness. She entered the hospital Wednesday. Mrs. Poland, who was formerly Miss Anna Parker was born in Beaver Creek township. She grew to womanhood in this county, where she lived up to a few years ago when the family moved to Lansing. Surviving besides her husband are two small children, a daughter age 7 and a son age 5, her parents, and three brothers and two sisters, Claude Parker of Lansing, Mrs. Axel Peterson, Edward, Grace and Mildred at home. Mr. and Mrs. Parker and Mr. and Mrs. Peterson left Sunday to be in attendance at the funeral.

E. A. Wright, manager of the Grayling Electric Co. was in the city last Friday evening and while here stated that they expected that the new, high voltage electric lines that are being built to Grayling from Cheboygan, would be ready for service about next Saturday. This will be glad news for the people of Grayling. For the greater part of the past year the city has been greatly inconvenienced by having to get along with abbreviated electric service, and for the past summer we have had no street lights, making the nights dark and gloomy, and also dangerous for pedestrians. Besides the limited service, the voltage has been so low at times that it was almost impossible for housewives to use their electric flatirons and other electrical appliances. This condition will soon be a thing of the past and then there will be electricity in a plenty. There will be an abundance for all kinds of power as well as for domestic needs. The former owners of the Electric Company rendered a splendid service to the people of Grayling until the demands for electricity became so heavy that they were no longer able to cope with the situation with the equipment they then possessed and it was necessary that they either went to the expense of building an auxiliary plant or sell their plant to one of the larger power companies, and they did the latter. The work of building the new line is just about finished and connections with the local system will soon be made. We have waited long and patiently for the required service and all will be glad when their patience has been adequately rewarded, which will be very soon. Already several additional houses have been wired in anticipation of improved electric service.

Barry Woods of Detroit was in Grayling over Sunday visiting old friends.

Oliver Noirot, of Gaylord county treasurer of Otsego county, and wife are in Grayling today on business.

Esmond Houghton returned Saturday to Ann Arbor after spending a week here hunting and visiting his parents Mr. and Mrs. E. S. Houghton.

If you are going to remember somebody far away it is time to get your cards started. We have a big assortment of Xmas Cards.

Mr. and Mrs. Owen Cameron and little son, who are with the Gorman-Ford Stock company, are at present showing in the towns and villages of Kentucky.

Edgar A. Murry of Detroit has been spending several days at his lodge on the AuSable. Yesterday he was joined by his daughter Miss Virginia.

Game Warden R. S. Babbitt has been detained at his home since last Thursday suffering with an attack of muscular rheumatism. Today he is much improved.

Mrs. A. J. Cramer underwent an operation at Mercy hospital Monday when three tumors were removed from under her left arm. Mrs. Cramer is getting along nicely.

Mrs. Ruth McConnell was hostess to six young boys last Tuesday evening at her apartment, in honor of her son Bruce's birthday. After an enjoyable dinner, the evening was spent at the theatre.

Don't miss the Hard Times dance at the Temple theatre tonight. You are warned against wearing good clothes for which you will have to pay a fine. The admission is 50c; extra lady 25c. Come and have a good time. Music by Clark's orchestra.

Several families were guests at the home of Mr. and Mrs. Lorane Sparkes on Thanksgiving day. Those present were; Mr. and Mrs. M. A. Bates, Miss Mildred Bates, Dr. and Mrs. Clippert, Mr. and Mrs. Webb, Mr. and Mrs. A. J. Joseph and family and Alfred Hermann.

Fire that started from the furnace in the home of Lon Collen, on Cedar street Wednesday morning caused about \$500 damage to the building and contents. When discovered the house was filled with smoke and the family and roomers had to leave in a hurry. Most of the damage was caused by smoke.

Mr. R. Petersen, recently of Miami, Florida, has been engaged as manager of the Grayling Greenhouses. Mr. Petersen is a florist of large experience and made a splendid success in his own business, and we are sure that the local greenhouses are going to fare very well under his management. Having a personal knowledge of Mr. Petersen for many years, we are in a position to make the above statement. He has had many years of experience as a floral culturist and knows his business, and besides is a capable business manager.
